Title: My driver drove dangerously

User Type: client

Share Details : Pieces of the car were literally on the floor board in the back. When I asked him if he knew, he said it happens all the time. I felt very unsafe.

Thanks for reaching out, Nicole.

We're sorry to hear that this trip didn't meet the quality standards that you expect while using the Uber App.

Can you please provide some additional information about this trip so we can better assist you?

- What happened during this trip?
- What quality issues did you experience?

Thanks for bringing this to our attention and hope to hear from you soon.
